

Clear thinking in a complex world

ICM Poll for The Sunday Telegraph

Fieldwork dates: 10-11th September 2014

GB Interview Method: Online

Population effectively sampled: All adults aged 18+ years in England and Wales and all adults aged 16+ in Scotland.

Sampling Method: In the UK, a nationally representative sample was selected at random from the NewVista™ panel of 200,000+ adults, with sample selected in proportion to population distribution. Interviews in Scotland were boosted to a 705, and treated separately from responses in England and Wales.

Sample size: 2582 adults aged 18+

Data weighting: : Data were weighted to the profile of all adults aged 18+ in England and Wales, and to 16+ in Scotland (separate weighting applies). Data were weighted by sex, age, social class, household tenure, work status and region. Targets for the weighted data were derived from the National Readership survey, a random probability survey comprising 36,000 random face-to-face interviews conducted annually.

Questions: The computer tables attached in PDF format show each question, in full, in the order they were put to respondents, all response codes and the weighted and un-weighted bases for all demographics and other data including but not limited that published.

Sunday Telegraph Scots Independence Referendum Survey - Scotland results

ONLINE Fieldwork : 10th - 12th September 2014

Absolutes/col percents

Table 1

Q1. As you may know, a referendum on independence will be held in Scotland on this Thursday 18th September 2014.

Some people have said they would not vote in the referendum, while others have said they would vote. How certain it is that you would actually vote in the independence referendum on 18th September? On a ten point scale if 10 would mean you would be absolutely certain to vote and 1 would mean you would be certain not to vote how likely is it that you would cast your vote?

	Page	Table	Title	Base Description	Base
	1	1	Q1. As you may know, a referendum on independence will be held in Scotland on this Thursday 18th September 2014. If you were entitled to vote in the Scottish referendum on 18th September, on a 10-point scale if 10 would mean you would be absolutely certain to vote and 1 would mean you would be certain not to vote how likely is it that you would cast your vote?	Base: All respondents	1865
	2	2	Q2. In the referendum on independence for Scotland on 18th September 2014 voters will be asked, 'Should Scotland be an independent country'. If you were entitled to vote in the referendum do you think you would vote 'Yes' or 'No'?	Base: All respondents	1593
	3	3	Q2. In the referendum on independence for Scotland on 18th September 2014 voters will be asked, 'Should Scotland be an independent country'. If you were entitled to vote in the referendum do you think you would vote 'Yes' or 'No'?	Base: All respondents (Turnout Weighted Q1)	1460
